

Leprechaun Punch Art Tutorial

Deborah Smart
stampandcreate.net

Supplies Needed:

From **Blushing Bride** cardstock, punch the following:

Face: 1 3/4" Circle

Ears & Nose: 3/4" Circle (total 3)

Hands: 7/8" Scallop Circle (total 2)

From **Garden Green** cardstock, punch or cut the following:

Shirt: 2 1/2" Circle

Arms: Small Oval (total 2)

Hat: cut 1 rectangle – 1 1/2" x 1 3/4" – round off top 2 corners

Hat Brim: cut 1 rectangle measuring 3/4" x 2 1/2" – round off all corners

From **Cajun Craze** cardstock, punch the following:

Mustache: 2 bird bodies from the Bird Builder punch

Beard: 2 3/8" Scallop Circle (1), 1 3/4" Scallop Circle (1)

From **Black** cardstock, cut:

Hat Band: rectangle measuring 1/2" x 2 1/2"

From **Gold Foil** cardstock:

Shamrock: use the smallest Heart Framelit to die cut 3 hearts and stem

Other supplies:

Sponge Daubers, Glue Dots, Tombow Glue, Stampin' Dimensionals, Rhinestone embellishment (1), Pearl embellishments (2), Black Sharpie Marker, Ink Pads in Blushing Bride, Mossy Meadow, Cajun Craze

1). Punch out all pieces for the leprechaun, and lay them out prior to assembly.

2.) Using Sponge Daubers and inks, sponge the edges of each of the pieces with the coordinating colours; use Mossy Meadow ink on the Garden Green pieces.

3). Assemble the leprechaun by doing the following:

Glue the 2 birds together by layering the heads together and gluing with Tombow glue. Then attach the nose using Stampin' Dimensional on the back of 1 of the $\frac{3}{4}$ " Blushing Bride circles, and place it where the 2 bird heads join.

- Next, glue the 2 layers of the beard together, offsetting the scallops.
- Glue the (2) $\frac{3}{4}$ " circles on either side of the head to create the ears, leaving $\frac{1}{2}$ of each circle showing.
- Put together the hat by first gluing the black band across the bottom of the large Garden Green rectangle, then glue the brim across the bottom of the black band.
- Use Glue Dots to attach the 3 hearts together, then attach the stem to the back of the 3 hearts to create the shamrock. Now attach the shamrock to the right side of the hat, on the brim, using a Stampin' Dimensional.

- Create the hands by cutting each of the 7/8" Scallop Circles in half, rounding the cut edges. Glue one each to the ends of the 2 Garden Green Small Ovals.

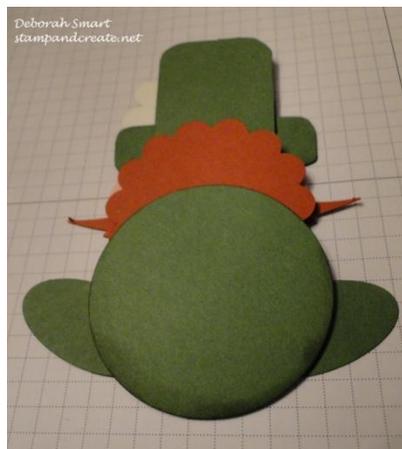

The picture below shows each of the layers you have just created.

4) Complete the assembly of the leprechaun:

- Glue the face on top of the beard layers, attaching it using the Tombow glue. The top of the head should show above the top of the beard.
- Place a Stampin' Dimensional in the middle of the back of the nose, and attach it to the middle of the face, leaving a bit of the face showing below the mustache, as the leprechaun's mouth.
- Attach the hat to the head using Stampin' Dimensionals.
- Place Dimensionals at the top of the 2 1/2" Garden Green Circle (body), and attach the head.
- On each arm, place a Dimensional near the hand area on the back, and then attach it to the body with the hands inward, across the body.

This is how the leprechaun looks from the back, once assembled:

5). Use the Black Sharpie Marker to colour 2 of the Pearl embellishments, then attach them to the face, just above the mustache, on either side of the nose.

6). Attach the Rhinestone embellishment to the middle of the shamrock.
